

Keep your equipment running...

Avoid painful downtime!

Are you tired of **working on your own equipment**? Have you figured out what it **really costs** to do your own repairs? Do you worry about **missing deadlines** when a critical piece of finishing equipment goes down? How much does **downtime reduce your profits**?

Unplanned downtime can consume as much as **30% to 40% of your profit.**

Preventive Maintenance Program

BRC Harris Inc., your leading source for paper finishing equipment and service in the Rocky Mountains, now offers a Preventive Maintenance Program. It is designed and priced specifically for small and medium-size businesses to save money while optimizing productivity.

Dependable, Worry-free Service

As your full-service dealer, BRC Harris' experienced, factory-trained technicians will completely manage your preventive maintenance on all models of equipment. Every six (6) months, we'll provide professional maintenance and diagnose the condition of your equipment so you can plan for repairs and avoid costly downtime.

Preventive maintenance is critical to:

- Reduce equipment downtime
- Plan maintenance around work schedules
- Improve production efficiency
- Increase equipment life
- Enhance your profitability

Guarantee: All parts and labor are guaranteed for a full three months from the date of completion. The warranty is void if equipment is misused.

Special offer!

Receive **10% off labor and parts for current repair needs** just for calling. **Plus, get 10% off all repairs** during the life of your preventive maintenance program.
